PERU STUDY ABROAD
WINTER BREAK 2013

Experience, Practice, Apply ~
Community Development and Sustainability

Spend three weeks in Peru and engage in enriching, hands-on community experiences in water sustainability. Collaborate with local families in the Amazon watershed on rural, community-based solutions. Cultural site visits to Cuzco, Machu Picchu, and Lima. Focus is on service activities and coursework in cultural and ecological conservation and sustainable development. All majors.

Program Director: Dr. Vinod Sasidharan
