

Course Substitution for
London Metropolitan University, UK
 (All courses taught in ENGLISH)

- Students who participate in this program can try to get an internship in London, but a successful placement is ultimately at the discretion of an employer; London Metropolitan University's Placement Officer would have a dialogue with SDSU students during the application process in order to ascertain expectation and see what is possible.
- All courses listed in **BLACK INK** have **ALREADY** been approved by both the College of Business and the Undergraduate Division. Those listed as **PROPOSED** in **BLUE INK** still need to be petitioned. Please see CBA Study Abroad Advisor for more details on how to petition these courses.
- Students will need to take four modules/courses per semester, which is the equivalent of 12 US credits.
- **Course availability is subject to change every semester. Before your departure, check course availability at this university's web site.**
- **PLEASE NOTE that LMU has limited amount of business courses. This university is best suited for students who have BOTH, Major Electives AND at least two Explorations courses in Humanities and Social and Behavioral Sciences still to take.**

PLEASE NOTE THAT MOST COURSES ARE 3.0 UNITS
